

My Health @ Northern App

Information for patients and families

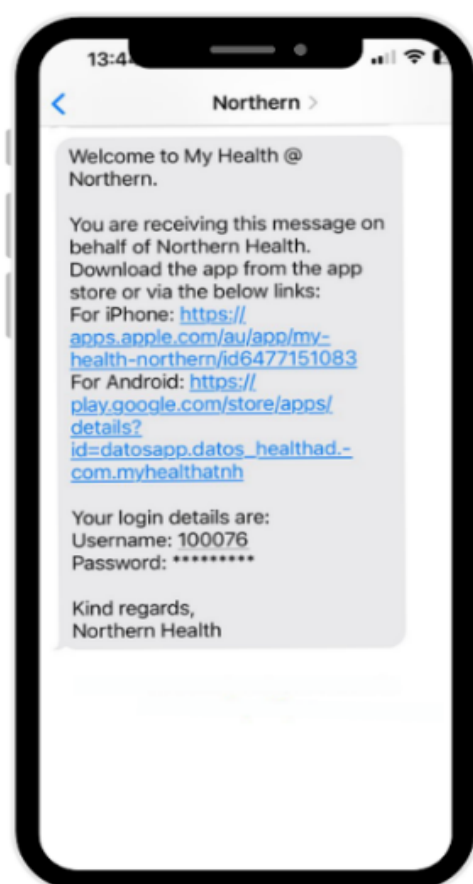

What is My Health @ Northern?

- My Health @ Northern is an app that can be downloaded on your smart phone or tablet.
- The app allows for us to share information with you, and for you to share information about your health and wellbeing with us.
- The information you give us helps our team understand your current health and treatment choices.
- This will help us focus on what is important to you at your appointments.

How to get the My Health @ Northern app

We need you to download the My Health @ Northern app.

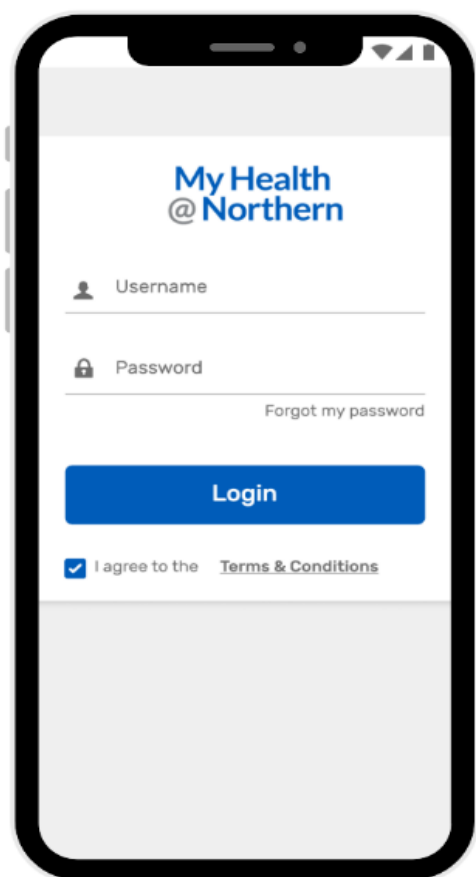

- We will send you a SMS – it will look like this:

Northern Health

www.nh.org.au

- Click on the link to download the My Health @ Northern app. You can choose between the iPhone or Android link.
- When My Health @ Northern is open, enter the username and password from the SMS.

Privacy

Northern Health is committed to maintain the privacy and confidentiality of every patient. You can read more about our privacy policy here: www.nh.org.au/privacy-policy/

Questions and Support

For app support: myhealthapp-support@nh.org.au

Opt-out: optoutnh@nh.org.au

This information is general only.
Northern Health encourages you to ask questions
and get specific advice from your treating team.

Northern Health

If you need an Interpreter or
the support of an Aboriginal
Liaison Officer, please speak
to a staff member.
