Congratulations to our 2025 Research Grant Recipients!

Northern Health is committed to fostering a strong, vibrant research culture across the organisation. To support this and strengthen our contributions to the broader research landscape, a new suite of research grants—modelled on the successful 2024 program—was offered. We congratulate this year's recipients and look forward to the innovative work their projects will deliver. Full article here - [INEWS](#).

Please share your feedback [here](#) about the research grants program to help us continue improving future grant rounds.

RESEARCH SURVEYS & REPORTING

Northern Health

📢 Strengthening Consumer Involvement in Research: Please take a moment to complete the feedback survey - [Click here](#).

📄 Annual Research Departmental Reporting: A reminder to all research departments to complete their 2024–2025 FY report.

Thank you for supporting research at Northern Health.

Transforming Digital Health: Exclusive Event with Professor Martin Curley

We were honoured to welcome Professor Martin Curley for a special event celebrating the future of digital health. As a visionary in the field, Professor Curley led transformative initiatives across healthcare systems internationally, and his insights have helped shape the global digital health agenda.

This occasion also marked the official launch of the [Victorian Centre for Virtual Health Research](#) — a pioneering initiative positioning Victoria at the forefront of virtual health innovation, research, and implementation. Full article here - [INEWS](#).
