

Celebrations!

Congratulations to **Professor Adam Semciw** and team, for being awarded a Ramsay Hospital Research Foundation Grant, for their project titled "Musculoskeletal Wellness Program: A virtual pre-operative program to support older adults through joint replacement surgery"

Congratulations to **Professor Lisa Hui, Dr Ishara Atukorala** and the Perinatal Research group on being awarded a small equipment grant from the University of Melbourne to purchase a refrigerated centrifuge for the labs in NCHER.

MRFF 2025

Research Data Infrastructure Grant Opportunity

The objective of this grant opportunity is to provide grants of financial assistance to support Australian medical research and medical innovation projects that use novel methods to harness multiple existing data infrastructure types in developing and implementing new approaches for addressing an unmet medical need.
