

RESEARCH HIGHLIGHTS ✨

Congratulations to **Professor Hui** and team who have been successful in being awarded a MRFF Grant titled **"TIM TAMS: Placental Health Test to Prevent Stillbirths and Adverse Pregnancy Outcomes."** The grant is led by Professor Stephen Tong, University of Melbourne and, aims to validate the first placental health test across Australia. This award will bring three years of research funding to Northern Health to support the project's success. 📌 Click [here](#) for more information.

Congratulations to **A/Prof Rebecca Jessup** and team who recently published their research in BMJ Open titled: **"Implementation evaluation of a comprehensive CARE record to reduce hospital-acquired complications: a mixed-methods pre-post study"**. This is one of the first studies in Australia to quantify the impact of Standard 5 of the Australian National Safety and Quality Health Service Standards on patient outcomes.

Update Your ORCID ID – Strengthen the Northern Health Research Repository

All Northern Health researchers are asked to update their ORCID (Open Researcher and Contributor ID) with their latest publications. ORCID ID is a unique, digital identifier that links your research activities and outputs to you throughout your career. Keeping your ORCID up to date and providing an export to the NH library helps us maintain a robust [Northern Health Research Repository \(NHRR\)](#), and showcases the breadth of research across our community.

📌 Click [here](#) to register

If your ORCID ID is up-to-date: Export your full ORCID record and email this to NHLibInfo@nh.org.au.

Instructions to Export ORCID record

Log in to your ORCID account at <https://orcid.org/signin>.

Scroll down to "Works"

Use the "Actions" dropdown box

Select "Export all works"

Select "Export selected works to BibTeX"

Copy and paste the content of the .bib file into a word document

Email the word doc to NHLibInfo@nh.org.au.

Thank you for joining us for an engaging Research Grand Round showcasing the scope and impact of mental health research at Northern Health. The session featured insightful presentations from **A/Prof Vinay Lakra**, **Dr Yang Yun**, **A/Prof Eric Morris**, **Dr Marilyn Cugnetto**, and **Professor Josselin Houenou**, highlighting innovative work across clinical practice, education, academic research, and encouragement on how to get started in research. The event celebrated the growing strength of our mental health research community and its ongoing commitment to improving outcomes for our patients. 📌 Click [here](#) for the full recording.

MENTAL HEALTH NURSING RESEARCH

Launching this week- Mental Health Nursing Research Webpage

A space dedicated to sharing the latest research, innovations, and collaborative opportunities in mental health nursing and research.

📌 Click [here](#) for more information.

RDGU Office Closure

The Research Development and Governance Unit (RDGU) will close to new SSA and QA project authorisation submissions (including new amendment submissions) at COB on Friday 12th December 2025.

New non-HREC pathway submissions will close COB Monday 8th December. This enables us to hold a final non-HREC review panel meeting prior to Christmas.

From **Monday 15th December**, the RDGU team will work to clear up any backlog of applications in progress.

We will reopen to new project submissions on **Monday 19th January 2026**. Please note that you may submit new projects at any time between **Monday 15th December** and **Monday 19th January**, but processing and review of these applications will not commence until 19th January.

NH Research Grants Program 2026
Expressions of Interest- Opening Soon.
Stay Tuned!
