

ORGANISATIONAL OVERVIEW

Introduction:

Northern Health is a vibrant, fast-paced workplace located in the rapidly growing northern suburbs. This is driving us to think innovatively about the needs of the population and what the health system of the future might need to look like to meet those needs. We take care of our community by providing a wide range of health services at multiple locations including:

- Northern Hospital Epping
- Broadmeadows Hospital
- Craigieburn Community Hospital
- Bundoora Centre
- Merri-bek Community Team
- Broadmeadows Community Care Unit
- Broadmeadows Prevention and Recovery Care
- Hotham Street Community Mental Health Clinic
- Northern Prevention and Recovery Care
- Northern Community Care Unit
- Noogal Clinic
- Kilmore District Health
- Women's Health Hub and,
- Mernda Community Hospital

We also collaborate with our partners to help expand the range of health care services offered to our culturally rich and diverse community.

As an organisation, we are shifting our focus from illness to putting a spotlight on supporting our community in 'staying well'. In order to achieve this, we are developing strong relationships with other health service providers and the community across the region, to help us think differently about the future.

Northern Health provides a dynamic working environment, with a strong culture of teamwork, safety and respect. Northern Health is proud to be an inclusive employer and aims to ensure our workforce is representative of the community.

Our Vision:

Creating a healthier future by working together, innovating and delivering great care.

Our Values:

- Safe – We provide safe, trusted care for our patients. We are inclusive, culturally safe, celebrating the diversity of our staff and community.
- Kind – We treat everyone with kindness, respect and empathy. We provide patient-centred and compassionate care.
- Together – We work together with our staff, patients, consumers and health system partners.

Our Priorities:

Northern Health has determined six strategic directions. The directions are focused on addressing priorities for safety, sustainability, growth and innovation. They reflect our best assessment of opportunities and challenges in our current and future environment.

- Collaborate to deliver safe, efficient, effective and sustainable care in all our services
- Demonstrate our commitment to the wellbeing of our valued workforce
- Renew and strengthen our infrastructure, systems, tools and processes for financial sustainability and growth
- Innovate to shape the future of health care in Victoria
- Partner to keep people well and deliver the best possible care locally
- Drive research and education to deliver excellent care and develop the next generation of clinicians and health care leaders

These priorities are inter-related in that success in one area is dependent on success in another. Detailed plans have been developed to support each of the priority areas.

All Northern Health employees will contribute to improving patient safety by being familiar with, and applying the National Safety and Quality Standards and criteria.

Safety, Quality and Clinical Governance at Northern Health:

Northern Health is dedicated to providing the highest quality of care in the safest possible environment for every patient every time. We are focused on strengthening the safety and quality of care across the continuum, with a focus on saving lives, reducing harm and improving the patient experience.

Northern Health's safety and quality improvement activities focus on delivering the Strategic Plan and Operational Business Plans, and are supported by the Northern Health Clinical Governance and Risk Frameworks, and the Northern Health Quality Improvement Methodology.

The Northern Health Quality Management System brings together the core elements that underpin how:

- Quality and Clinical Governance is determined.
- Quality services are delivered.
- Risk is managed.
- Audit – what matters is monitored.
- Our committees monitor performance of controls put in place to ensure safe patient care.

Commitment to Child Safety at Northern Health:

- We are committed to the safety, participation and empowerment of all children
- We are committed to the cultural safety of Aboriginal children, the cultural safety of children from a culturally and /or linguistically diverse backgrounds and to providing a safe environment for children with a disability.
- We have zero tolerance of child abuse, and all allegations and safety concerns will be treated very seriously and consistently with our robust policies and procedures
- We have legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow vigorously

Family Violence and Child Safety Statement:

Northern Health is a child safe environment and is committed to protecting children from harm and abuse, in accordance with our legal obligations and the Child Safe Standards. Northern Health aims to identify and respond individuals who are at risk of child abuse and family violence and we encourage victim survivors to disclose to their health professional to seek support and safety. Northern Health has zero tolerance of child abuse and family violence, and all disclosures and safety concerns will be treated sensitively in accordance with our policies and procedures.

Northern Health actively promotes the safety and wellbeing of all individuals. We recognize and respect individual rights, identities, relationships and cultures. Our aim is to foster a trauma-informed, culturally safe and child safe environment.

Northern Health is an Information Sharing Entity (ISE) and is prescribed to the Family Violence Multi-Agency Risk Assessment & Management (MARAM) Framework and the Information Sharing Schemes. Family violence and child safety training is mandatory for our staff members and volunteers.

Essential:

- Current National Police and Working with Children History Check.
- The Staff Immunisation Questionnaire must be completed by all new employees as part of the mandatory on-boarding process. New employees are not permitted to undertake any activity that requires patient contact prior to clearance by the Staff Immunisation Nurses; this also includes evidence of having the Flu vaccination on a yearly basis. New employees with contra-indications to vaccinations or who decline vaccination are required to attend a face to face consultation with the Immunisation Nurses for appropriate documentation of their contraindications or declination. This must be completed PRIOR to commencing any work with Northern Health.

POSITION DESCRIPTION

Position Title:	Grade 3 Physiotherapist – Student Educator (Acute)
Business Unit/Division:	Allied Health Services
Award Agreement:	Health Professional Services Award
Classification:	Grade 3 Physiotherapist (VB7 – VC1)
Employment Type:	Part time (60.8 hours per fortnight Mondays to Thursdays) Fixed Term until 31/12/2030
Reports to:	Physiotherapy Clinical Leaders Associate Director Allied Health – Physiotherapy & Exercise Physiology
Date Prepared/Updated:	February 2026

ROLE STATEMENT

General Role Statement:

The primary role of the Northern Health Physiotherapy Student Clinical Educator is to provide clinical supervision and support to undergraduate physiotherapist students on placement. They will also provide support and advice to physiotherapy clinical supervisors, in relation to their clinical placements. The clinical educator will be accountable for providing an evidence-based Physiotherapy service to Northern Health patients through the application of expert clinical skills in assessment, intervention, and discharge planning.

This position is funded by The La Trobe University (LTU) School of Allied Health, Human Services and Sport (SAHSS) however is an employee of Northern Health so will report to the Allied Health Directorate. This position strengthens collaboration, communication and shared educational outcomes between NH and LTU.

This position is responsible for:

- Day to day clinical supervision and support of LTU Physiotherapy students on placement blocks (Monday to Thursdays when students are on site) including placement marking and feedback.
- During periods when not directly supervising student, the roles will still have a presence in the clinical areas to provide student related support at the relevant sites (i.e. covering supervisor's student, seeing difficult patients with students, tutorials, upskilling supervisors, student related quality improvement activities).
- Liaising with the Grade 4 Physiotherapy Student Coordinator and the Grade 3 Physiotherapy Student Education Coordinator (where required) to ensure that annual placement targets are met.
- Build and maintain a collegial, collaborative working partnership with LTU physiotherapy and other Physiotherapy Student Clinical Educator roles in other health services.
- Contribute to placement evaluation and advocacy towards quality improvement and work with LTU to determine curriculum development opportunities.
- Supervise junior staff (i.e. Grade 1 or 2 Physiotherapist, Allied Health Assistant) as required

The key responsibilities when providing clinical supervision to students include:

- Direct clinical placement supervision and point of care teaching for students (up to multiple students per block)
- Support of students and student supervisors
- Orientating students to site processes and area of placement
- Outlining to students' key expectations on placement
- Coordinating an onsite orientation program and tutorial program for students

- Being available as a second person for key assessments with students at risk of failing, borderline students or students in difficulty
- Facilitating or assisting with student and/or supervisor debriefs as required
- Communicating and informing LTU physiotherapy clinical coordinators of students at risk of failing and strategies being implemented
- Liaising with Grade 4 Physiotherapy Student Coordinator and the Grade 3 Physiotherapy Student Education Coordinator with LTU with regards to student wellbeing as required
- Implementing student tutorials co-designed with AH education/learning and teaching and LTU staff designed to improve student learning and clinical experience.
- Develop and trial innovative student supervision models (i.e. blended models and models that would support growth/capacity of students)
- Developing and facilitating peer-to-peer student learning opportunities, tutorials and other education and training resources as required
- Awareness and application of resources to support student and student supervisors' wellbeing
- Maintaining awareness of current evidence-based Physiotherapy practice across the service streams of the NH Physiotherapy service and be able to apply this in practice
- Awareness of adult education principles, theories and models and ability to apply in practice

This role is primarily based out of Northern Hospital Epping but staff will be required to travel and work across the various Northern Health campuses, programs, and partner organisations. Compliance with mandatory training is a requirement of this role. Failure to complete this training within required timeframes may result in a suspension of duties until training is completed.

All employees:

Quality, Safety, Risk and Continuous Improvement

- Maintain an understanding of individual responsibility for patient safety, quality & risk and contribute to organisational quality and safety initiatives.
- Follow organisational safety, quality & risk policies and procedures
- Maintain a safe working environment for yourself, your colleagues and members of the public.
- Maintain an understanding of individual responsibility for patient safety, quality & risk as outlined in Northern Health [Clinical Governance & Patient Experience - Trusted Care](#).
- Contribute to organisational quality and safety initiatives.
- Escalate concerns regarding safety, quality & risk to appropriate staff members, if unable to rectify yourself.
- Promote and participate in the evaluation and continuous improvement processes.
- Comply with principles of Patient Centred Care.
- Comply with Northern Health's commitment to Child Safety
- Comply with Northern Health mandatory continuing professional development requirements.
- Comply with requirement of National Safety & Quality Health Service Standards and other relevant regulatory requirements.
- All employees of Northern Health must comply with the health service's Staff Health / Workforce Immunisation procedure (as amended from time to time) together with any relevant State Government and Departmental directives. This requires all employees to be vaccinated for various diseases such as, but not limited to influenza.
