

Our Enrolled Nurse Transition to Mental Health Nursing Program offers structured and comprehensive mental health nursing education with opportunities to integrate theory into practice to further develop and consolidate your professional and clinical skills through personalised support and mentoring.

Who can apply:

Experienced Enrolled Nurses who are wanting to pursue a career in mental health nursing.
Graduate Enrolled Nurses who are new to nursing and are interested in pursuing a career in mental health.

What we offer:

- ✓ Two intakes each year
- ✓ Duration of the program is 12 months
- ✓ 1-year contract to work within any of our mental health clinical area to allow for the completion of the EN Transition to MH Nursing Program
- ✓ EN Transition to MH Nursing Program specific orientation, addressing both clinical and administrative aspects of nursing
- ✓ Flexible working arrangement with Full time and Part time (0.8EFT) employment options available and monthly paid study days, as well as ongoing professional development opportunities.
- ✓ Rotating rosters, gaining experience across morning, evening and night shifts.
- ✓ Annual leave and accrued day off (full time employees only) as per award.
- ✓ Well-developed EN Transition to MH Nursing support structures to support your transition to MHN practice.
