

Northern Health Research Digest

Issue #19 23 June 2025

Northern Health Research Week 2025

Call for Abstracts are now open!

Northern Health Research Week will be held **20-24 October 2025!**

This is an exciting opportunity to showcase your research and be part of a dynamic program of poster and oral presentations.

[Please click here.](#)- for further information!

Allied Health Research Newsletter Issue #9 June 2025

The 9th issue of the Allied Health Research Newsletter is now available. A wonderful showcase of the breadth and depth of research happening across Allied Health!

Read the newsletter [here](#).

Learning Opportunity- Starting with Stata

This is a one-day hands-on course designed to get you doing more in Stata sooner. In this introductory workshop you will learn the key features of Stata, getting data into Stata for analysis, basic data management, an introduction to tables and frames; and introducing you to Stata graphs and the graph editor.

Date: Wednesday 13 August 2025

Time: 9.00-5.00pm

Location: Melbourne

Upcoming Webinars

Unpacking Clinical Trials and Health Services Research

There has never been a more pressing time for health system transformation through robust health services research (HSR). But how do HSR studies differ from clinical trials and why is it important to understand the difference? This panel discussion will consider definitions of HSR and clinical trials and explore some key points of divergence.

Date: Tuesday 24th June, 12.30-1.30pm

Find out more, click [here](#).

Digital Health and AI—what every health researcher needs to know

Presented by the Institute for Health Transformation, this webinar will explore:

- The definition of digital health and its various forms
- Key drivers for the growing importance of digital health
- Common challenges encountered in digital health initiatives
- The role of AI in health research
- Opportunities to use AI in research

Date: Wednesday 25th June, 12-1pm
